TECHNICALS SKILLS

- Programming Languages:**
Python, Java
- Frameworks:**
Django, Flask, Bootstrap
- Database:**
MySQL, MongoDB
- Web:**
HTML5, CSS3
- Tools & Platforms:**
Git, Jupyter Notebook, VS Code.
- ML Libraries:**
Pandas, Scikit-learn, Pickle, Numpy.

INTERNSHIP

Jan- Mar 2025.

Certified of

Machine Learning Internship at
Eduskill Foundation.

SEE MORE....

PROFILE

Enthusiastic Computer Science student with strong academic performance (CGPA 9.32) and skills in Python, DSA, and web frameworks like Flask, Django, and MySQL. Certified in Data Science, with internship experience in AI-ML and a passion for technology.

PROJECT WORK

FitWithMe

April 2025

AI Fitness Consultant

- This AI-powered website provides customized diet plans based on user profiles and goals. Admin panel for user/report management.
- Developed using Django, HTML/CSS, Bootstrap, and PyMySQL and API's to deliver personalized fitness recommendations based on user health data and inputs.

Reco-Movies

Movie Recommendation System

January 2025

- Developed an internship project on movie recommendation system to suggest similar films based on user input.
- Utilizes content-based filtering to match genre, theme, and characteristics.
- Pandas, Streamlit, Pickle, Scikit-learn, PyCharm, Jupyter Notebook used.

Near By Restaurant

September 2024

Machine Learning-Based Restaurant Recommendation System

- Restaurant suggestions using location, cuisine, rating with k-NN algorithm.
- Tools Used: Pandas, Scikit-learn, Jupyter Notebook, Streamlit, Pickle
- Work Done: Data preprocessing, feature extraction, model building with k-NN, similarity-based restaurant recommendations.

EDUCATION

B.E. in Computer Science and Engineering

2022 - 2026

Prof. Ram Meghe Institute of Technology and Research, Amravati.
SGPA: 9.33/10

Higher Secondary School

2020 - 2022

Rajeshwar Union Junior College, Badnera.

Percentage: 84.83 %
